

Dear Representative,

As your colleague here in the House of Representatives, I want to personally invite you to attend one of the most educational and engaging conferences of the year, hosted by the American Legislative Exchange Council. ALEC's States and Nation Policy Summit will be held December 4th – 6th in Scottsdale, Arizona and include phenomenal speakers, in-depth workshops, and fantastic trainings. There will even be on-sight visits to take policy discussions into the real world. These field trips will include a nuclear plant, a solar panel facility, and even the company who develops tasers. There is so much being planned and the week will be packed with tangible takeaways to bring back to our home state. You will emerge absolutely refreshed and recharged in preparation for the upcoming legislative session!

As always, the general session and task force speakers will cover a myriad of topics and policy areas – always something for everyone. Arizona Governor, Doug Ducey, as well as the state Treasurer of Arizona, Kimberly Yee, will be among those present. Invited speakers also include Secretary of State Mike Pompeo and Secretary of Education Betsy DeVos.

The policy debates held at ALEC are like nothing you will experience through any other organization. In fact, as ALEC is the largest non-partisan voluntary membership group of state legislators, you can be sure to gain a wide-range of perspectives from fellow lawmakers across the country. We would love to have our state well represented in these discussions and to be enriched for the coming session. We owe it to our constituents to be as best equipped as possible to execute our duties in the state house and I hope you will join me in Scottsdale for the States and Nation Policy Summit this December 4th-6th!
